TODAY'S BIBLE VERSE

Certainly I will be with thee.—Exodus 3:12.

Making Goals of War Come True in Peace—That Is Aim of Our Soldier Boys

Read over in this issue of The Upland News the names of the young men who have gone from us. Picture for yourself their hopes, their ambitions; visualize what they have left behind and how their normal living has been so drastically disrupted by the tragic interlude of war.

They have left behind their best girls, they are parted from their parents, their friends and the old familiar places of their home town. They have left everything behind and now are out on the front line in the midst of a desperate, brutal fight.

They are fighting for the time when they will be back. They are fighting for us, for themselves and their future.

Above all, they want to come back, for a new start or to carry on where they left off and to live as generations have lived and to share in the advancement that comes with greater knowledge and experience.

They expect to find life about as they left it—full of possibilities, their hopes and ambitions within the realm of achievement. They want to live in this land of opportunity—and share those opportunities. They want to live simply, where they can work and earn a living, where there is joy in fellowship, and where human rights mean something.

Our soldier boys will come home with a broader vision. They are fighting shoulder to shoulder with buddies from all parts of the nation, rich and poor, black and white. They are seeing misery, suffering, want—and before they come home—they will see the results of oppression and depression among the conquered people of the world.

When they return they will want to live where the appealing, patriotic platitudes of war can become realities in peace. The four freedoms, so dramatically stated by President Roosevelt, appear on the horizon as the fulfillment of a dream for all the nations of the world. But our soldier boys will want more than brilliant phrases.

They are fighting to put into practical every-day living freedom of worship, freedom of speech, freedom from fear, and freedom from want.

General MacArthur Moves Closer to Front, Away From Politics

General Douglas MacArthur is doubtless more interested in the campaign to give the Japs another installment on the debt of Bataan than in any political campaign.

In any event, MacArthur-for-president headquarters are scheduled to be opened soon in Chicago. At about the same time, the general will be fitting out his new field offices in New Guinea to personally direct the new operations against the Japs.

As for us, the headquarters in New Guinea are the ones we intend to keep an eye on.

The time may come when the people will call on Douglas MacArthur to lead them on the home front. But the next election will be in November of next year and meantime there are other campaigns to be won which for the present are far more interesting to all of us than the campaign of 1944.

One of those tremendously important campaigns is now in progress. Its apparent aim is to drive through the lesser bases of Lae and Munda, in order to pinch off the great Japanese base at Rabaul.

And now MacArthur, the military leader, who above all others has captured the imagination of the American people, silently moves up to the front. Now, we Americans feel sure, the Japs can get ready to receive another installment of the debt of Bataan.

A job in civilian defense had to be done—and so the members of the

Stringent rules and regulations, as well as a system of checking all purchases of sugar, have been inaugurated by the U. S. Food Administration for California as a result of the big cut in the state's sugar allotment for August. Beginning Aug. 1, the maximum allowance of sugar for household purposes will be cut from three to two pounds per person per month, and each public eating house will be allowed only two pounds of sugar for every 90 meals served. All sugar purchased for canning is also being checked.

J. H. McKibben, field representative of the Pacific division of the Red Cross, visited Upland and praised the way work is being conducted by the local chapter.

Upland has a boy in the Canadian army. He is Earl Sage, formerly interested in the Foothill grocery.

During the last two weeks reports have come in of the arrival of many Upland men overseas. Among them are I. J. Linkey, Donald McKean, Harold Troeller, Hugh Taylor, Earl Dority, Merrill Moremen, and Carl Christian.

Miss Anna Wilson, Miss Olive Brooks and Miss Marjorie Reynolds were members of a hiking party that spent Sunday at Camp Baldy.

Mr. and Mrs. J. F. Haddow have received word of the safe arrival overseas of their son, Monte, or J. F. Haddow, Jr., who has been at Camp Lewis.

Mrs. H. J. Frey and daughter, Mabel, are planning to leave about August 6 on a trip which will eventually take them to South Africa. Mr. and Mrs. Frey and family were in the mission fields of Africa for a number of years, and more than two years ago they came home on furlough. Mr. Frey returned to his mission work, but Mrs. Frey remained here with the family to be near the schools.

Six large electric lights are being installed at the San Antonio Park by the city.

Roscoe Dinger, mail carrier at the Upland postoffice, is having his vacation, and at present Abel Haldeman is a substitute.

Mr. and Mrs. Owen E. Atwood and children, Jack and Phyllis, have gone to Long Beach to spend their vacation. Mr. Atwood will remain at the beach two weeks, while Mrs. Atwood, who is taking a special teachers' training course while in Long Beach, and the children will stay for the entire month.

Mr. and Mrs. Mark H. Bailey were guests over the week-end of Mr. and Mrs. L. E. Moser, at the Moser cabin in Bear canyon.

Miss Elizabeth Fossett and her sister, Mrs. Glenn H. Wright, returned from San Diego, where they visited with Mrs. F. C. Crowell and daughter, Mrs. Mary Crowell Gilchrist. The Crowell family formerly lived in Upland.

10 Years Ago

A wedding in which many friends in the West End are interested occurred on July 10 at Yuma, Arizona, when Miss Aline Koster, daughter of Herman G. Koster of San Antonio Heights, and Nellis C. McNeil of Ontario were united in marriage. They were accompanied to Yuma by Mr. and Mrs. Herman G. Koster. Announcement of the event was made upon the return during the week-end of Mr. and Mrs. McNeil from their honeymoon trip and was a complete surprise to their friends. The bride is a member of the teaching staff of the Corona schools, and Mr. McNeil has been associated with the Armstrong Nurseries for several years. They will make their home in Koster Kourt, Upland.

Miss Mina Ruesink and her brother, John Ruesink, left for their annual summer visit in the midwestern states. Mr. Ruesink will spend most of the time looking after farming interests in Butte, N. D., and Miss Ruesink will visit relatives in North Dakota and Minnesota.

Mr. and Mrs. A. J. Nellson and their two children and their niece, Miss Ethel Reed, returned from a motor vacation, during which they toured Yellowstone national park and visited other scenic places.

Miss Alice Puehler, daughter of Mrs. Katie Puehler, and Duane M. McIntosh, son of Mr. and Mrs. Alfred McIntosh of Riverside, were married July 27 at 8 p. m., in St. Paul's Lutheran church in Pomona.

The News To Move Into Own Building Jan. 1

A new home has been acquired for The Upland News.

Early in 1944, the office of this community's newspaper will be moved for the first time in history.

The building on East Ninth street, two doors west of the Upland post office, has been purchased by The News for the future home of the newspaper. The new address will be 257 East Ninth street.

Larger in size, the building will provide expansion and will enable The News to give better service to the community.

Moving to the new location must be delayed until after January 1 due to the present lease held by the K. & R. Fruit Products Co., which is storing canned fruit juices there. In the meantime, plans will be made for remodeling the front of the structure and for slight interior alterations.

The building was purchased from William G. Tyler by Vernon V. Paine.

When The Upland News was established, more than 40 years ago, the present newspaper building was erected and with an addition or two it has continued to serve as the newspaper's only location.

LIONS CLUB HEARS DRAFT DIRECTOR

Tracing the history and progress of conscription of men for military service, Lt. Col. H. A. Strong, director of selective service for the state of California, spoke to members of the Upland Lions club yesterday.

During World War I, Col. Strong served as a private in the marine corps, and after the Armistice he continued to serve the country through membership in the reserve army.

Even as far back as biblical times, selective service was known, the speaker pointed out. When Rome ruled the world, service was compulsory; serfs working for their Anglo-Saxon overlords, were later drafted to fight when the necessity demanded it. In America during the revolutionary war there was no national army, and soldiers had to be recruited from organizations in the separate states, although Washington petitioned Congress for authority to raise a federal army. A conscription plan was used during the Civil war; but it wasn't until 1917 that the draft was used with satisfactory results.

The speaker described the setup for the present selective service system, which includes California's 284 draft boards. There are 6500 boards in the United States, each functioning with three to five members, one to ten examining physicians, dentists, attorneys and advisors.

Thomas E. Howarton, chairman of the local draft board, served as program chairman, and President William Gilliland conducted the meeting.

Guests were Francis Rogers, member of the board, Edgar Pierce, clerk of the board, Jack Atwood; Lt. Ronald Gibson, son of Ernest H. Gibson; and Donald Gibson, brother of Ernest Gibson.

Mrs. Fox Honored At Layette Shower

Complimenting Mrs. Robert Fox (Lillian Courtright), Mrs. S. A. King and Miss Frances Hames were co-hostesses at a layette shower on a recent evening at the King home, 466 North Eighth avenue.

A number of amusing games entertained the group, and several prizes were awarded. Mrs. Fox was presented with many dainty gifts for her layette.

Refreshments were served by the hostesses as a conclusion to the party.

Participating in the courtesy for Mrs. Fox were her mother, Mrs. Cora Courtright; Mrs. J. Arthur Betz, Mrs. W. E. Duncan, Mrs. Max Alonso, Mrs. Walter Robinson, Mrs. C. K. Shell, Mrs. W. H. Richesin, Mrs. Ray Anderson, Mrs. LeRoy Artis, Mrs. Angie Anderson, Miss Barbara Shell, Miss Donna Taylor, Miss Martha Lou Anderson, and the two hostesses.

EIGHT TO RECEIVE CHAFFEY DIPLOMAS

Eight students will receive their high school diplomas when the Chaffey High school summer session closes today, according to Donald Jacobs, principal of the session.

Completing eight semesters' work by atatending summer classes, the graduates qualify now for the certificate usually granted in June and January.

No graduation ceremonies will be conducted for this group, which includes Jacqueline La Motte, Richard Keith, James Calvin Bradley, George Channing Collins, and Loiselle Winifred Rightmire, all of Ontario; Shirley Anne Conklin, Fontana; Roberta May Engle, Alta Loma; and Roy L. Spector, resident of Pennsylvania, who is now attending Cal-Aero Flight academy.

JUNIOR ORCHESTRA IS BEING FORMED

As a part of the summer recreation program, a group of musicians met Wednesday evening at the fire hall in Alta Loma to organize a junior orchestra, according to Mrs. Arthur Relph, recreation chairman.

Herbert Hall will serve as director of the new orchestra, and Miss Barbara Hogancamp will be the pianist.

The group will meet next Thursday evening at 7:30 o'clock in the fire hall, and all who are interested in joining the organization are invited to attend.

TOP STARS WILL ENTERTAIN FOR PLUNGE BENEFIT

Saturday, August 14, is the time set for Ontario Army Air field's great benefit show that will bring a group of top-flight stage, radio, and screen personalities to the Chaffey auditorium.

The long-nosed comedian Jimmy Durante, the screen and radio songster, Connie Moore, and actor Edgar G. Robinson are definitely scheduled to appear on the program, and the special service branch of the local army unit, responsible for bringing the show here, promises a big-name band as a major part of the entertainment. They are dickering with Kay Kayser and Harry James, but yesterday were not certain whch of the two popular band leaders will come.

HOLLYWOOD COOPERATES

All entertainers will come to Ontario without charge, according to announcement of the Air Field's executive officer, Major C. E. Petersen. Hollywood theatrical agents and executives are cooperating to make the show one of the best that people in this community have seen.

Purpose of the show is to raise money for construction of a swimming pool at the air field. A few contributions have already come in to serve as a nucleus for the fund.

Tickets for the benefit will go on sale within a few days. Time and place to buy them will be announced in Tuesday's issue of The News. Special service representatives have announced that admission rates for the event will range from $2 to $20.

Fidelis Class Enjoys Outing At Home of Mrs. Stickney

Members of the Fidelis class of the Upland Methodist church enjoyed a pleasant social meeting on Tuesday evening when Mrs. Harold J. Stickney entertained them at her home, Terrace drive, San Antonio Heights. Miss Jessie Brown and Mrs. John L. Bice assisted as co-hostesses.

The affair was held in the garden and opened with a supper at 6:30 o'clock. Mrs. Samuel Hughes had charge of the devotional period, and Mrs. Cecil M. Chambers presided at the business session in the absence of the president, Mrs. Hugh McLellan. The remainder of the time was spent socially.

Present were Mrs. Bertha Spence, Mrs. Samuel Hughes, Mrs. G. C. Mitchell, Mrs. D. J. Cameron, Mrs. J. B. Browning, Mrs. John Tracy, Mrs. Howard Engle, Mrs. W. R. Farmer, Mrs. Merl Kough, Mrs. L. E. Griffith, Mrs. Z Hill, Mrs. Cecil M. Chambers, Miss Elizabeth Fossett, Miss Florence Mehl, the hostesses and several visitors, including David Farmer, Charles Holcomb of Laguna Beach, and Patricia Bice, Rilla and Ruth Stickney, who assisted in serving.

This Is a Message from—

EVERYONE IN UPLAND

—TO OUR—

SOLDIERS IN THE FAR-FLUNG TRAINING CAMPS AND BATTLE FRONTS

EVERY hour of every day you are in our thoughts. Nearly everything we do is directly concerned with the welfare of Our Men and Women in the Service. Your fellow citizens eagerly receive news about you. Your Mothers, your Sweethearts and your Friends are beseiged for information about your welfare and your activities. Your home-town newspaper eagerly publishes every bit of possible information about your activities. Occassionally, some of you return home for a brief visit. This thrills all of us and everyone in the community wholeheartedly welcomes every man in uniform. We are proud of all of you. Like thousands of others you are now fighting for Uncle Sam. You are courageous men, tackling the terrible task ahead . . . . . and like 130 million other Americans You Are Out to Win!

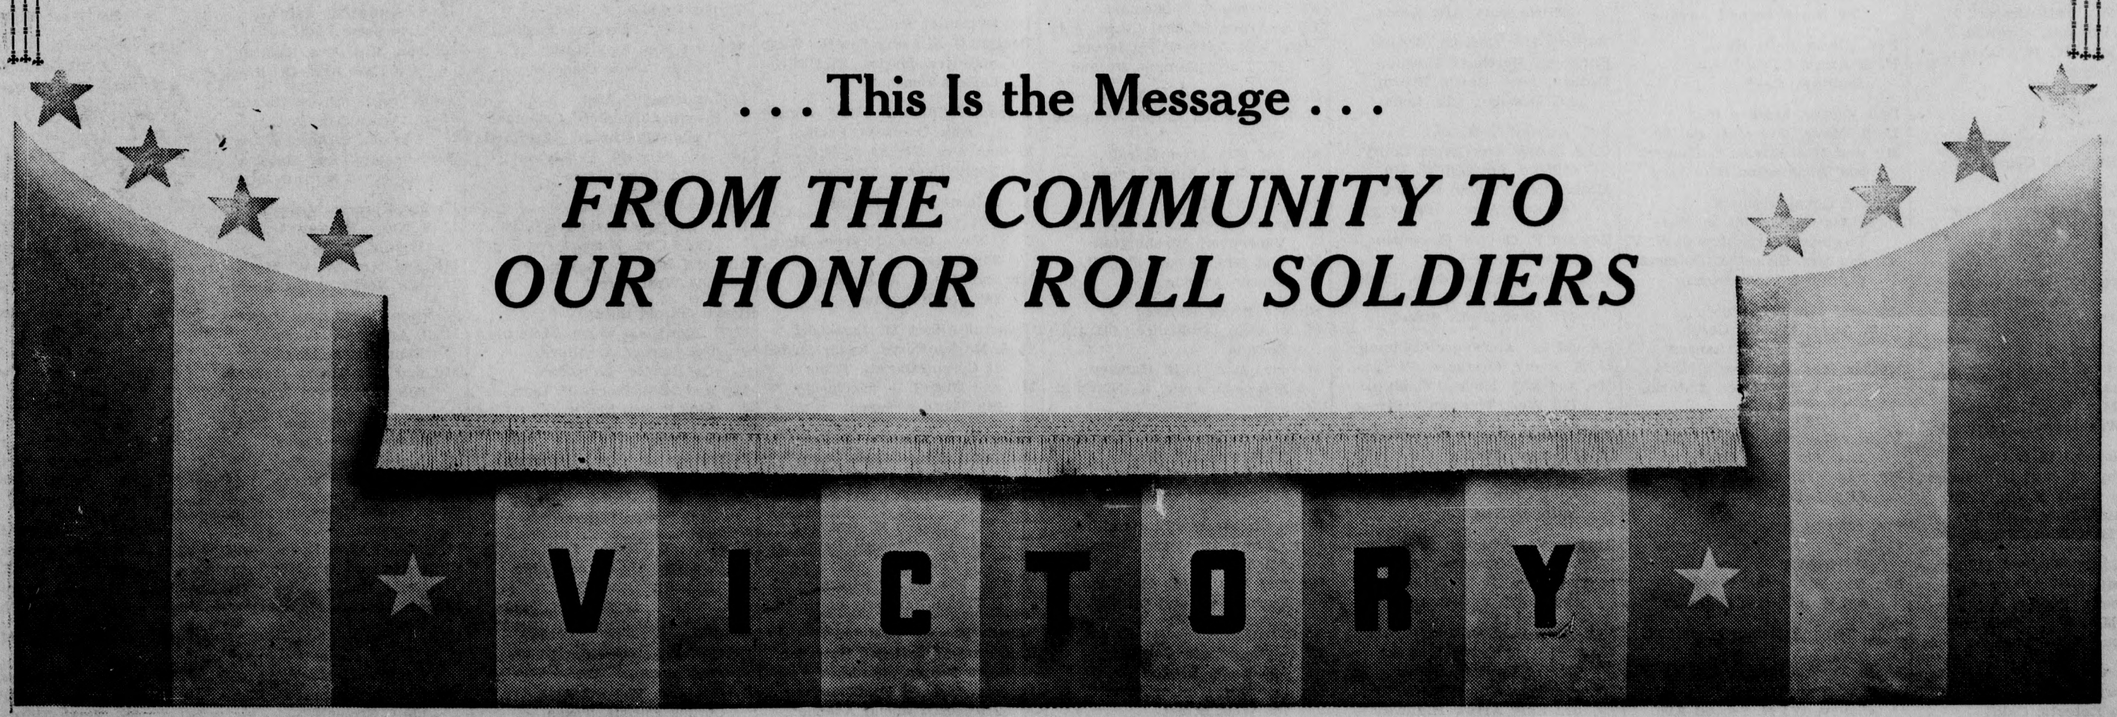

THIS EDITION OF YOUR HOME-TOWN NEWSPAPER IS

DEDICATED TO YOU!

- **The thousands of us here on the home front will avidly read the honor roll and pay tribute to each one of you for your heroic part. We know you are gone, no newspaper need tell us that. We miss you. But we want to check the list and praise each one of you.**
- **As we miss you while you are away training or fighting, we, with greater determination than ever, pledge to fight harder on the home front to bring you back sooner. As partners with you in this fight to protect everything we hold dear, we vow to go the limit just as you have gone the limit. You are giving everything. It is up to us on the home front to match your effort.**

Omissions Occur In "Honor Roll"; Regret Expressed

Names are inadvertently being omitted from the honor roll of soldiers and for that the Upland News staff expresses deep regret.

Very carefully The News staff has surveyed the community to get a complete list of all the men who have gone from here into the armed forces. In spite of this, ommissions are certain to occur.

Full cooperation has been sought and will continue to be sought in the compilation of a complete honor roll list. Persons noting omissions in today's roll are asked to advise The News. Additional names obtained from time to time will be published in a subsequent "Honor Roll".

Names of only a few of the Mexican residents who have gone into the service are published here. At an early date, an honor roll of the Upland Mexicans in service will be published, arrangements for this having already been made with Joe Valadez serving as coordinator.

Placing of a public honor roll in the city hall will occur in the next few days.

KAISER IS NAMED WELFARE LEADER

Henry J. Kaiser, Jr., has been appointed chairman of San Bernardino county's newly-formed war chest for 1943, according to announcement made yesterday by C. E. Grier, chairman of the county board of supervisors.

Kaiser, son of the noted industrial leader and administrative assistant at the steel mill in Fontana, will take over the responsibility of the county-wide drive to raise funds which were formerly collected in separate city campaigns.

This will be the first time the war chest, an outgrowth of the community chest, will not be a city project.

Dates for the 1943 campaign have not been set, but Mr. Kaiser has called a meeting of previous campaign leaders for next Monday noon at the California hotel, San Bernardino, so that details of the organization may be worked out.

How About That Old School Pennant? It Can Help In Defense

In the good old high school and college days, pennants were displayed on the walls at home and about the dormitory or fraternity houses.

And then in time they were taken down, and packed away.

Well, the time has come to get them and turn them in to the local civilian defense program.

Notices and printed forms and other data must be tacked on the walls at the control center office and use of felt is quite essential. Since it is impossible to buy felt, Howard Mason, one of the leaders in the project, asked for public contribution of the old pennants.

The pennants may be left at the chamber of commerce office.

Jess Monroe's garage will be closed beginning August 15 during a vacation. adv. 26-4.

Mrs. Floyd Walker and her daughter, Lucille, of San Antonio, Texas, have been guests of Mrs. Cora M. Hughes at her home, 1280 North Fifth avenue. Mrs. Walker's son, Cadet Robert Peters, was graduated from Cal-Aero academy last Saturday, and Mrs. Walker and her daughter came to attend the exercises and to visit Mrs. Hughes. The two women have been close friends since their school days.

WE WILL WIN

If all of us on the home front give as much as you boys who have gone from here.

Garment Factory Is Seeking Location and Employes in Upland

Branchng out to obtain more workers and to expand its services, the I. Mohileff & Sons garment making factory is preparing to open a branch here.

Owen W. Davis, chamber of commerce president, today was making a check on available buildings to aid the large Los Angeles firm in selecting a location. At least eight women machine operators will be employed at the outset, with additional help added in the future, according to Mrs. A. R. Minikel, a newcomer here, who will be the manager.

The only obstacle that might prevent establishment of a branch is scarcity of help, Mrs. Minikel reported. An advertisement soliciting workers is published elsewhere in today's paper.

"The branch, if established here, will be permanent, not just for the war," Mrs. Minikel declared. "Workers will be given instruction in the operation of the machines at the basic pay and later they will be paid by the piece in making of the garments."

The company makes women's slack suits.

Mr. and Mrs. A. R. Minikel and their family recently moved to this district, purchasing the Jess Watt residence and 13-acre citrus grove at 1940 East Arrow highway, mid-way between Upland and Archibald avenue, Cucamonga.

Mrs. Minikel, a long-time employe of the Los Angeles company, had planned to retire from the work, but after moving here the firm offered her managership if a branch were established in Upland.

MAC THE MEDICINE MAN RECOMMENDS A FEW SIMPLE

HOME REMEDIES

WE WOULD SELL TO THE COURT OF KING IMMANUEL

Call your Foreign Legions home
To Italy and Ancient Rome.
Start them on the march today,
If they have to fight their way.
Take United Nations orders—
Oust the Krauts out from your borders.
Clean up the rank, unwholesome mess,
Left from Fascist ruthlessness.
Help until the war is done
To equalize the wrong you've done.
You have a chance! It's not too late!
So, Do Your Stuff—Cooperate!

KAISER VALUATION REDUCED AS RESULT HEARING ON TAXES

Assessed valuation of the Kaiser Co. properties in the county is today fixed at $8,909,200 instead of the approximately $13,000,000 originally levied by County Assessor Max A. Cranmer.

After studying figures on the Kaiser Co. property and analyzing the basis for the original assessment, the board of equalization reduced the valuation total. An all-day hearing was held Tuesday with Kaiser Co. witnesses, citizens and tax experts appearing before the county officials in the courthouse at San Bernardino.

Even with the reduction of approximately $4,000,000 the county's assessed valuation will be higher than a year ago.

FIGURES INCOMPLETE

It was generally agreed during the hearing that the March 1 assessment on the Kaiser property was made without complete figures on the steel plant being made available to Assessor Cranmer. It was also pointed out that excessive costs of building were not given proper consideration in arriving at the market value and the assessment figure.

The county supervisors, serving as members of the board of equalization, considered all the evidence presented and granted the reduction. Henry J. Kaiser, Sr., personally asked for an assessment of approximately $4,500,000.

ASKS FOR STUDY

C. E. Grier, chairman of the board, urged that an exhaustive study be made of the Kaiser properties between now and next March 1, so that at that time an equitable figure can be levied.

Mr. Kaiser issued the following statement on Wednesday concerning the hearing and the assessment figure:

KAISER STATEMENT

"I do not consider that the tax has any bearing on the equity of the situation. I am delighted by the fact that the supervisors believe the same and that they declared that any assessment made this year will not prejudice the tax assessment in future years.

"The county, state, and federal governments are all in the same boat. We have employment to provide. Some way will have to be found to operate the plant and the assessment be established so that it will reflect the reasonable market value of the plant.

"In my opinion this assessment is not based upon a reasonable market value, and if this same basis is continued on the completed property, the plant cannot survive."

Missionary To Speak Here Sunday Evening

Miss Anna Steckley, missionary from India, will speak at the Sunday evening service of the Brethren in Christ church, which opens at 7:30 o'clock.

This will be Miss Steckley's final message before continuing her journey to her former home in Canada. She arrived safely in the United States after passing through the riots in India and experiencing many dangers in crossing the ocean. She has been spending some time visiting relatives in Southern California. She was engaged in missionary work in India for 24 years.

MAJOR FETROW ON WAY EAST TO GET NEW ASSIGNMENT

Leaving at noon yesterday by Santa Fe, Major Gene B. Fetrow is on his way to the east coast to report for active duty, following his 30-day stay here.

The Upland flyer had not received definite word converning his next assignment, but there is a possibilty that he may be sent to an intsructor's post at an air field somewhere in the United States. Here on furlough for the first time since he went to England nearly three years ago to serve with the R.A.F., and later with the American Eagle Squadron, Major Fetrow was a welcome visitor among his relatives and friends, who have watched his progress and read acounts of his flying exploits.

Most important event of his stay here was his marriage on July 9 to the former Miss Gloria Spofford. The ceremony took place in the Little Cathedral of the Foothills, where only relatives and close friends of the couple were in attendance. After a short honeymoon along the coast, the bride and groom have divided their time between the Upland home of his parents, Mr. and Mrs. Paul Fetrow of Wilson avenue, and the home of the bride's mother, Mrs. Vivian Terry of Santa Ana.

As soon as Major Fetrow receives his new asignment, Mrs. Fetrow plans to join him, if it possbile. When and where the couple will establish their home is a question that the army air corps will decide, Mrs. Fetrow said yesterday.

Dinner Unites Many Members of I.O.O.F. And Rebekah Lodges

Joined by a large representation from Silver Link Rebekah and the Junior lodges, members of the Upland Odd Fellows lodge and their families enjoyed a contributed dinner Tuesday evening in the lodge hall.

During the business session conducted by Pryor L. Cate, noble grand, plans were made to put up two signs telling of the time and place of the lodge meeting, one at the corner of Euclid avenue and Arrow highway, and another at Foothill and Second avenue. John McCarty, chairman, received permission from the city and made arrangements.

The remainder of the evening was spent socially and a number of games were enjoyed in the club rooms.

On Saturday evening the lodge members will meet in front of the hall and go in a body to the San Bernardino lodge to present them with the traveling gavel and pay a fraternal visit.

Attendance Gaining Steadily at Baptist Church, Is Report

Rather than a decrease during the summer months, attendance at the Baptist church is steadily on the increase, it was reported today by church officials. The pastor is the Rev. R. E. Davis. The church is located at Sultana avenue and Eighth street.

More than 80 persons have joined the church in recent months and capacity congregations are reported for the morning and evening services.

MORE RECORDS FOR SOLDIERS SOUGHT

"Brother, would you give a dime for a dollar?"

That's a conservative estimate of the return on an investment of a little thoughtful effort, according to Edgar Pierce, local director of the American Legion drive for scrap phonograph records for the fighting men. He is commander of the Legion post.

"All it costs is a little time to dig up discarded, scratched or broken records and turn them over to the American Legion Post. The thing you give is useless anyway. It's just gathering dust in the attic or closet.

"But when those old records are made into new discs and sent to the fighting fronts, they will mean pleasure and peace of mind to our sons and brothers, sweethearts and friends out there where no other form of entertainment is possible. You can't put a dollars and cents value on that kind of dividends. It's better than a dollar for a dime."

Old records are coming in, but more are being sought. Records should be left with Mr. Pierce at the selective service board office.

Joanne Owens of Gardenia is spending the summer with her grandparents, Mr. and Mrs. M. R. Corn of South Second avenue, while her mother is recuperating in a sanitarium at Los Angeles.

Dr. and Mrs. F. J. White had as their guest during the past weekend at their home, 377 Drake avenue, Mrs. Corinne Burdick, a nurse at the Pomona Valley hospital. Mrs. Burdick and Mrs. White are cousins.

Mrs. W. W. Mather of 530 North Laurel avenue, left Wednesday evening for Chico, where she will spend the next two weeks visiting her mother, Mrs. O. A. Shaw, and other relatives who live in the vicinity.

Just before you shop or just before you start home, drive into Roy Creighton's station for the famous high quality Texaco gasoline. Or, better still, drive in for an oil change and let us work on your car while you are shopping. —adv. 23tf

Mr. and Mrs. M. R. Corn of South Second avenue are spending this week in Phoenix, Arzona, where they are enjoying a visit with their son and daughter-in-law, Mr. and Mrs. Ray H. Corn.

Mr. and Mrs. R. E. Pyle of 255 South Third avenue enjoyed a recent visit from Mr. Pyle's brother and sister-in-law, Mr. and Mrs. B. H. Pyle of San Diego. Other recent guests at the Pyle home were Mr. and Mrs. Hauschildt of Pasadena.

Mrs. Emma Frey of 242½ F street received a cablegram from Rhodesia, South Africa, this week bringing the good news of the birth of a baby son to her son-in-law and daughter, Mr. and Mrs. Leslie Barham. The baby has been given the name of Raymond. He was welcomed by a small sister, Ruth. Mr. and Mrs. Barham, who is the former Lois Frey, have been engaged in mission work among the Babemba people of northern Rhodesia for several years. She received part of her education at Beulah college.

A QUESTION IN EVERY ADVERTISEMENT

You will note that in each space is an easy-to-answer question. To qualify for the Dividend Day award, you must answer the questions listed by the firms from which you have saleslips.

For Example—If you have a sales slip from Blank Co., you must write the answer to the Blank Co. question on the sales slip and have it ready for presentation to the Merchants' Messenger by 6 p. m. Monday.
If you are not going to be home Monday between 6 and 7 p. m., leave your sales slips posted near your front door.

Every adult in Upland, Alta Loma, Cucamonga and Etiwanda is eligible to participate in the Upland Merchants' Dividend Day. A directory has been especially compiled to include every house address in these communities.
The dividend sales do not have to be for cash, a "charged" sales slip being acceptable. In all fairness, however, a sales slip for payment on account cannot be eligible for use on dividend day.

Pvt. Elardi, who is now qualified as a B-24 mechanic, soon will join the ranks of the green-clad army responsible for the maintenance of those huge bombers.

Noted Evangelist To Speak Here Sunday

Of local interest will be the announcement made by Marvin R. Tate, minister of the Upland Church of Christ. E. L. Jorgenson of Louisville, Ky., will speak at the Sunday morning services starting at 10:45 o'clock. This is the first local visit of the nationally known evangelist, composer, and compiler of the widely used hymnal, "Great Songs of the Church", although he makes a coast-to-coast tour each year and has conducted song rallies in many cities in California. Preceding the sermon there will be a half hour of congregational singing augmented by the well-known radio male quartet—the Ambassadors. The public is cordially invited.

CHRISTENSEN SAYS FAIRNESS SHOULD BE TAX OBJECTIVE

Otto Christensen, local citrus grower and Los Angeles attorney who expressed views about the Kaiser Co. property assessment at the equalization board hearing Tuesday, said today that his only interest in the matter was to "see that each taxpayer paid his just share of governmental costs."

In a letter to Farm Bureau directors, which he read at the tax should have been presented and lenged the Kaiser Co. in asking for a reduction in the property assessment. Portions of his letter were also published in The Upland News on Tuesday.

"No doubt the board of supervisors are justified in making a reduction of about $4,000,000 in the valuation," commented the attorney from his Los Angeles office today. "It is a wholesome step for the assessment officials to make a full study of the Kaiser property prior to next March 1. Of course, the complete figures as of March 1 this year should have been presented and if that had been done perhaps the hearing would have been unnecessary."

Mr. Christensen said he was irked by a recent Kaiser statement pointing out it might be necessary to abandon the steel mill "if the assessment were not reduced."

"Surely, a business man such as Mr. Kaiser would have looked into the tax situation before he ever settled in the county and he should have known what to expect," continued the Uplander. "I do not believe industry should be subsidized because a plant such as Kaiser's brings increased burdens on all governmental agencies and such industry should pay its just share of the increased costs."

On the other hand, the attorney said development of a citrus grove requires no increase in governmentl costs, such as schools.

TWO BALL GAMES ON FOR TONIGHT

Two ball games are on tap tonight for local teams.

Howard Van's Upland Cubs will meet the Cal-Aero nine on the Upland junior high school field at 6:30 o'clock tonight. At the same time the Upland junior lodge team will play the Ontario boys' team on the Ontario junior high diamond.

The game here will be the first time Cal-Aero and the Cubs have met.

In a 13 to 1 victory Wednesday, the junior lodge nine whipped the Aircraft Industries' nine of Ontario on the local diamond.

Five Adults Join Junior I. O. O. F.

Five members of the I.O.O.F. lodge became members of the junior I.O.O.F. lodge in ceremonies last night. It is possible for adults to become associate members of the younger group and the following were accepted by the junior lodge.

A. J. Robinson, Pryor Cater, Homer Washburn, Veryl Haynes and Ira Francisco.

The group also received a $5 gift from Judge James Sharp, who is vitally interested in boys' activities. He recently gave the money to Harold Anderson, who in turn presented it to the group. The boys gratefully received the donation as an expression of support from this veteran Cucamonga judge and civic leader.

Plans were announced for a trip to Santa Ana August 12 when the junior lodge will observe an initiation of the Santa Ana junior lodge.

New Member Initiated By Auxiliary of Veterans' Sons

Mrs. Belmont B. Stevens was initiated as a new member of the Auxiliary of the Sons of Union Veterans during the regular meeting held Tuesday evening in the W. R. C. Memorial hall in Ontario. Mr. Stevens, who was recently taken into the camp, was obligated into the Auxiliary.

Mrs. Oran E. Burt, president, presided, and it was voted that Miss Mada Kauffman be made a life member of the organization. The group also decided to present a $25 war savings bond to the Sons.

Reports were given that $12.25 had been given in relief, and that members had contributed 15 hours of work to the Red Cross during the past month.

Members have been invited to attend a reception honoring department officers to be held in Patriotic hall in Los Angeles on Monday evening, August 2, at 8 o'clock.

Announcement was made that a benefit card party will be held by Mary Brainard tent, Daughters of Union Veterans, for the national disaster unit on Saturday evening, August 7, at 8 o'clock in the Chaffey Girl Scout house in Upland.

For the program, F. E. O'Brien and C. W. Jaggard, past commanders of the Sons, gave short talks, and Mrs. W. H. Klepper gave a reading on the flag.

Twenty members of the Auxiliary and 10 Sons attended the meeting.

Third Anniversary of Rickie Ibanez Celebrated

Rickie Ibnez, elder son of Mr. and Mrs. Richard A. Ibanez, was three years old Wednesday and in celebration of the occasion, his mother entertained a group of his little friends and their mothers at a merry party that afternoon at the Ibanez home, 790 North Second avenue.

After the gifts had been opened, the children played out of doors for a time, and then Mr. Ibanez showed several "Mickey Mouse" motion pictures.

The party was concluded with the serving of refreshments, which included a handsome birthday cake with three lighted candles.

Gathering to honor Rickie were Mrs. Allan S. Barr and Charles; Mrs. Samuel T. Elder and daughters, Sharon and Valerie; Mrs. Herbert E. Gray and Mary Jo; Mrs. John Clarkson and children, Marcia and Paul; Mrs. Victor L. Scritsmier and daughters, Marie and Louise; Mrs. Charles Cox and Charles, Jr.; Mrs. John A. Luther and Anne; Mrs. J. B. McCarter and Linda; Mrs. Hal Harlow and Anne; Mrs. Robert Weller and Mary; Mrs. Earl L Wenger and children, Ronald, Darlene and Sharon; Mrs. Harold C. Musser and Gary; Nancy Hansen, Kenneth Asper, Rickie's baby brother, Dennis; and the hostess.

Mr. and Mrs. Ed Scruggs of South Second avenue have received a letter from their son, Ralph Scruggs, motor machinist mate second class, U. S. navy, now stationed somewhere in the South Pacific, telling of injuries which he and three other men suffered when their jeep overturned. Scruggs had a broken collar bone, while the otoher three men were taken to the hospital with serious injuries.

Mr. and Mrs. B. D. Losson of Amarillo, Texas, are guests of Mr. Lossom's brother and sister-in-law, Mr. and Mrs. P. T. Losson at their home, 285 South Second avenue.

Mrs. Arthur Allen Is Hostess to F. S. G. Club Members

With members of the F. S. G. club as guests, Mrs. Arthur Allen was hostess last evening at her home, 640 Amethyst avenue, Alta Loma.

Bridge provided diversion for the main part of the time, and Miss Rose Sanchez won the prize for high score. Mrs. James Whitson captured the traveling trophy, and the consolation award went to Mrs. Homer Stipe.

Refreshments were served by the hostess during the social hour which followed the games.

Enjoying the hospitality of Mrs. Allen were Miss Rose Sanchez, Mrs. Francis S. Wagner, Mrs. Edward Thudium, Mrs. Paul Pestel, Mrs. Marvin Wangler, Mrs. Harold Woodrow, Mrs. James Whitson, Mrs. Harold Hively and Mrs. Claude McKee.

Lynn S. Birdsall and Mrs. Farrington Are Married

Mr. and Mrs. Lynn S. Birdsall have returned to their home on West Fifth street, Ontario, after a short wedding trip, following their marriage rites at Pilgrim Congregational church, Pomona, on July 22.

Mrs. Birdsall is the former Mrs. Katie Gertrude Farrington of Claremont. She has been a resident of California for the past six years, having come here from Omaha, Nebraska.

Mr. Birdsall is well known in Upland because of his work with the Citrus Pest Control association. Three sons, Lt. Charles, Lt. Douglas and Stanley, are all serving with the armed forces. Roger Birdsall, the fourth son, lives at home. A daughter, Lynnette, is at Princeton university, working for her master's degree.

FLAG DEDICATION WILL BE MONDAY

When the flag is raised at Ontario Army Quartermasters' depot Monday afternoon at 4:30, it will be an event of unusual interest to civilian employes, army personnel, and to the general public.

A new pole has been erected in the flag square, where townspeople are invited to assemble for the ceremonies marking the dedication of a new banner that will fly over the depot through the efforts of a group of workers at the depot who collected money to buy the flag.

Of special interest to Uplanders is the fact that Mrs. Ethel Riggs of Alpine street, a licensed flag maker, was chosen to execute the project for which money was donated. Mrs. Riggs is employed at the depot.

Lt. Col. Kenneth Little, commanding officer at the plant, has arranged to conduct the ceremonies at a time so that day and swing shift workers may all attend. Col. Little will speak briefly, and field music will be played as the flag is raised.

The depot is located at 810 East Main street, at Campus avenue. Col. Little has called attention to the fact that residents of the community will be welcomed at the ceremonies, but that their visit will be confined to flag square, since only attaches of the plant are allowed to enter the buildings.

Mrs. C. M. Gosnell and daughters,, Virginia, Carolyn, Peggy Lou and Doris arrived Monday from Warren, Ohio, to join Mr. Gosnell, who recently purchased the property at 363 South Second avenue from the William Essex family. Mrs. Gosnell and the children were accompanied by Mrs. F. B. Ray of Niles, Ohio, who came to visit her husband, Corporal Ray, who is stationed at Fresno.

We wish to retract our kicks about the bitter cold weather last winter.

Mrs. L. E. Moser, president of the Upland Woman's club, announced today that the monthly meeting of the executive board will be held Monday morning in the club house. The session will open at 9:30 o'clock.

Draft Board Summons 1638 Into Armed Forces

Shown above are members of the draft board and the clerk, reading from left to right: Francis Rogers, secretary of the board; Edgar Pierce, employed secretary; R. M. Willson and Thomas E. Howarton, the latter two board members.

DRAFT BOARD IN OUTSTANDING WORK FOR CITY, NATION

Draft board members have had a job to do since October 7, 1940.

Through the local office of the selective service board, 1,638 men have been sent into the armed forces. Thousands of additional persons have been studied by the faithful members of the board to select for armed duty those men who had the top classification for military and naval service.

Members of the board are Thomas E. Howarton, chairman; Francis Rogers, secretary; both of Upland, and R. M. Willson of Victorville. Edgar Pierce is clerk of the board and under his direction are the details of administration.

SPEND MUCH TIME

Regular weekly meetings are held but the time given at this meeting is only a fraction of the time given every week by the board members. Every questionnaire filled out by a registrant is carefully checked by the board members to the end that each man will be properly and fairly classified.

In 38 different "calls", the board has sent men into the services in accordance with various quotas assigned by the local board. These quotas had to be filled and it was up to the three members of the board to determine who among the registrants were the ones to be called from civilian life into the armed forces.

MEET IN 1940

First meeting of the board was on October 7, 1940. At that time Norman S. Lawson was a member, but he found it necessary to resign months later and Mr. Rogers, an alternate, was appointed.

Since then, month after month, men from the community were summoned by the board to enter the nation's fighting forces. To select who should go, the board conscientiously and at great length carefully analyzed each registrant, and all the circumstances dealing with the question: "Why or why not should this person be in the armed forces?"

Adhering closely to the policy of determining each case strictly on its merits, the board members have established an enviable record of service in the community. Many people are aware of the board members' devotion to their duty and responsibility.

OFFICE STAFF

The selective service office is adjacent to the Upland post office. In addition to Mr. Pierce, the office staff includes Miss Elizabeth Fossett, Miss Gloria Higgel and Mrs. James Curry.

Responsibilities and work of the draft members are unusually difficult due to the wide area in the selective service district. The area includes Upland, Cucamonga, Alta Loma, Camp Baldy, Guasti and then follows across the mountains out onto the desert, reaching far out to Trona, an industrial community on the desert. Barstow, Baker, Victorville, and virtually all other desert communities are included in the local

FIRST AID TAUGHT TO UPLANDERS BY STONE, GALLAUGHER

Several hundred persons in Upland are better able to take care of slight accidents in the home and to do their part in case of an emergency in the community because of the work of Ernest Tweed Stone and Harvey Gallaugher.

As head of the first aid committee of Upland chapter of the American Red Cross, Mr. Stone was graduated in 1941 from the school for Red Cross first aid instructors held in Riverside, after taking a 30-hour course under Harold Terwiliger, Red Cross representative from San Francisco.

During 1941, Mr. Stone conducted seven first aid classes in Upland, and in 1942 he had 12 classes. The attendance in the classes averaged from 15 to 98 persons. At present he is instructing the auxiliary highway patrolmen. He is still serving, also, as chief trainer in civilian defense drill.

Harvey Gallaugher also has played an important part in first aid work. He studied under Mr. Terwiliger in Ontario in March, 1941, and during that year conducted six classes. In 1942 he instructed 10 classes in first aid.

At the outbreak of the war, these two men, with unusual zeal and determination, offered themselves to the community. Night after night they were busy teaching others how to better serve their community in case of disaster.

Mr. Stone is very often called upon to speak here and in other communities on the war effort, first aid and civilian defense.

A Lasting Victory!

Nearly 500 young men have gone from this community to fight on the battle front. All of us here at home are unitedly behind these and the millions of others in the armed forces.

We are working on the home front so that our soldiers may return home soon—and bring with them . . . a lasting victory!

This home-owned institution, which has always been ready to serve residents of this community, is proud to give its services in furthering the sale of war bonds.

Everyone is working harder than ever—long hours every day . . . but hard as this is, we realize that our efforts and our sacrifice are insignificantly trivial compared with what each soldier is giving toward victory!

Control Center Board Unites Civilian Defense

A strong civilian defense organization is maintained in this community and this is due largely to the efficient planning and hard work of the personnel of the Upland Control Center. Members of the control center, pictured above, from left to right, are: Constable Sam D. Barker, Ernest Tweed Stone, Police Chief Eugene L. Mueller, Earl E. Hawthorne, City Manager Richard G. Manley, Fire Chief Howard Paulin, Oscar P. Whitney, Mrs. George Cassell, Paul F. Schowalter, and Building Inspector Richard Derby. Howard N. Mason was absent when this picture was taken.

DEFENSE OF CITY MAIN OBJECTIVE CONTROL CENTER

How best to protect the community in case of an emergency is the constant problem before members of the Upland control center. To study that problem and to make plans, the group meets once a week here.

As the result of this planning and efficient administration of affairs, this city's civilian defense organization is rated among the best in Southern California. From time to time air raid incident drills are held under the general supervision of the control center. Members of the State War Council who have observed the drills here, have repeatedly praised the civilian defense organization.

Serving as commander of the local control center is Richard G. Manley, city manager. Other members of the control center are E. Tweed Stone, emergency medical services, assisted by Earl E. Hawthorne; Police Chief Eugene L. Mueller, law enforcement; Fire Chief Howard C. Paulin, fire prevention; Paul F. Schowalter, public works; Richard Derby, chief air raid warden; Howard N. Mason, communication; Constable Sam D. Barker, township coordinator; Mrs. George Cassell, secretary, and Oscar P. Whitney, Cucamonga chief air raid warden.

20,000 Dressings Each Month is Red Cross Quota Here

Monthly quota of surgical dressings for Upland chapter of the American Red Cross is 20,000. Many women are giving their services for this work and are approaching the goal, but more workers are needed to reach or surpass it.

Mrs. Theodore Stamm, head of this committee, is giving the greater part of her time to this branch of Red Cross work. She is ably assisted by Mrs. E. F. Pelton, vice-chairman; Mrs. Cleland Baxter, Miss Clara Lou Nisbet and Mrs. Louis Shields, supervisors, and twenty monitors supplied by the Junior Welfare League. Two of the latter serve each day.

THREE TYPES MADE

Three types of sponges are being made. The 2-inch by 2-inch is used as a sponge, drain or compress. This is the smallest and most difficult to make, and also the most needed. A 4-inch by 4-inch is used as a sponge or compress, and the 4-inch by 8-inch is used as a compress more often than as a sponge.

An evening class is held each Wednesday, with Miss Ruby Harnish in charge, and the Frances Paul Girls class of the Upland Presbyterian church works the first Monday evening of each month under the direction of Mrs. Edwin L. Wickstrom.

HEIGHTS GROUP AIDING

Mrs. H. B. Hamilton, Mrs. Hugh L. McLellan and Mrs. A. C. Millard are in charge of classes in San Antonio Heights, and Mrs. Robert Nesbit and Mrs. N. S. Breese direct the work in Alta Loma.

The surgical dressing room in the Red Cross headquarters is open five days a week, Monday through Friday, from 10 a. m. to 4 p. m. San Antonio Heights branch is open on Tuesday, Wednesday and Thursday afternoons from 1 to 4 o'clock. The Alta Loma room is open each Monday afternoon from 1 to 4 o'clock. An evening class is held each Wednesday from 7:30 to 9:30 o'clock in the Upland room.

Our duty to you comes first.

We also have a duty to provide services that will help keep civilians moving, to help citrus growers get their produce to the packing houses, to help war workers get to and from their homes, and to keep essential civilians on the move.

It keeps us mighty busy doing this, but we are determined to work to the limit, to give our best, and to assure complete satisfaction.

NUTRITION GROUP READY FOR SERVICE

In case of an emergency, the Canteen and Nutrition committee of the Upland Red Cross, headed by Mrs. Joe P. Bert, is organized to serve meals to evacuees or any others who may need them. Menus have been prepared and the grocery orders have already been placed.

Included in the committee under Mrs. Bert are 18 groups of women, all of whom have taken the canteen and nutrition courses sponsored by the Red Cross. Each team has a leader. If an emergency should arise, Mrs. Bert would notify these leaders, and each team would be responsible for certain meals of the week, plans for which are ready.

The committee serves in other capacities also. Before the incident drill held in June, the group headed by Mrs. Gertrude Hall served an excellent canteen dinner to about 50 persons composing the control center and army personnel.

On both occasions when the Red Cross mobile blood bank has visited Upland, five teams have served hot drinks and wafers to the blood donors.

POWER!- for an early Victory

Power is needed on the battle front—and the home front. Today on the far-flung battle-fronts, American tanks are rolling to war—delivering power where it is needed to smash the Axis.

We Americans have more things to defend than any other people in the world—that's why we are fighting harder to defend them.

This is an awful big war. But, like everything else, it has to be paid for, and that's where we on the home front can produce tremendous power.

Let's start where everything starts—with money. Let's see it in terms of what it means to the boys who are doing the fighting. Do we want the paratrooper to have the best possible parachute when he drops out of a plane over Europe or over a Jap stronghold? Do we want to be certain there will always be another round of ammunition for every machine gun facing the Axis? You bet we do.

There can be only one limitation on the amount we owe for victory. That limitation is simply the maximum we can possibly afford to invest in victory.

"CIVILIAN SOLDIERS"

Who Are Serving in Vital Roles on the

HOME FRONT

We recognize them and honor them for giving many, many hours week after week in many phases of civilian defense:

- Red Cross Workers
- Airplane Observers
- Air Raid Wardens
- Auxiliary Policemen and Firemen
- Control Center Members
- Draft Board Members
- Blood Bank Donors

We recognize the important and critical roles of the hundreds of men and women serving in the far-flung training camps and fighting fronts. The needs of these people come first. Everything we do must be done for those who are fighting in the front lines for us. While we are in a sense partners in this gigantic cause, the men who have gone from this community come first. Those of us at home have jobs to do but our busy, trying work on the home front is a trivial burden compared with the real jobs that fall upon the people in the armed services.

Those of us at home are constantly thinking of you who have gone wherever duty called. Those of us at home are united in the task of supporting you to the limit.

Auxiliary Policemen Serving Community

Taken in October, the picture above shows the Upland auxiliary police. There have been some changes in personnel since then, but the organization has continued on a very active basis. Reading from left to right, the men are: Kneeling—Civilian Commander Captain Oris Heinauer, City Manager R. G. Manley, Chief of Police Eugene L. Mueller; mounted members with Motorglides, left, David Maxwell; right, Tom Rowland; first row: Harold Barbour; Earl Head, Nick Brian, John Tracy, Gordon Day, George Pearson; second row, I. J. Linkey, Lee Bigley, Walter Kincaid, W. E. Walk, James W. Lamont, George Cassell, Ollie Davis, Carl Barnett, Bill Williamson, Roy Ray; third row: Nevin Jamieson, Ronald Rowe, Joe Seitz, Arthur Reeder, John Moe, Nelson Gray, Mitchell Dowland, James Martinez, Leonard Smith, Mariano Martinez, Charles Geiselmann. Also members of the auxiliary, but not shown in the picture, are Dr. R. D. Ryan and George Ford.

AUXILIARY MEN GIVE ADDITIONAL PROTECTION HERE

Auxiliary policemen are playing a vital role in giving additional war-time protection to civilians and vital services in the community.

The Upland auxiliary police organization was formally inducted last October after many weeks of training. Since then the auxiliary officers have assisted members of the Upland police department in regular patrols and have been constantly on the alert in case of emergencies.

Oris Heinauer is auxiliary police captain and he has maintained a strong, active organization. His men have responded during blackouts and have also participated in the air raid incident drills.

Whenever there is any need for additional protection, the auxiliary officers have faithfully responded and the auxiliary group and the regular polce department members are cooperating to give the greatest possible protection to the community.

HOME SERVICE OF RED CROSS ACTIVE

Assistance to families of service men is another important function of the Red Cross, and this is handled by the Home Service department. Mrs. Will R. Mason heads this committee for the Upland chapter, and is assisted in the work by Mrs. Mary A. Eckerman, Miss Eunice Mitchell, Mrs. Lottie V. Fuller, Mrs. A. C. Beattie for the Cucamonga area, Mrs. William B. Hutton for the Alta Loma area, and O. H. Price for the Etiwanda district.

Included in the services under the jurisdiction of this committee are the following:

To arrange for furnishing relief in distress among families of service men; to assist in locating families of service men; to arrange helpful advice on welfare matters for families of service men.

To assist in securing employment for members of service men's families; to locate men in the service for inquiring families; to encourage communication between service men and their families.

To make loans to service men to return home on account of distress, sickness or death in the immediate family when a man or his family is without sufficient funds; such loans to be made only upon the recommendation of commanding officers and after verification has been made.

To assist in solving problems of service men and their families; to furnish information about particulars of the government's program, such as insurance, allowances, adjusted compensation, allotments, etc., and to assist in handling difficulties in which they are involved.

To arrange helpful advice to discharged disabled service men returning home and to assist them in re-establishing themselves in civilian life.

To investigate home conditions at the request of commanding officers for confidential information needed in considering questions of discharge, relief from active duty, and furlough; to furnish reports requested by commanding officers of hospitals regarding social, economic, and personal facts pertaining to patients.

U. S. O. SERVES MANY SOLDIERS

While the work of making surgical dressings for the wounded, sewing and knitting garments for service men in hospitals, and other work connected with the war effort is going on, the young men who are in training here are not forgotten.

It is important that they become adjusted to the change in their habits of living and that their morale be kept as high as possible. To this end the U. S. O. centers have been established.

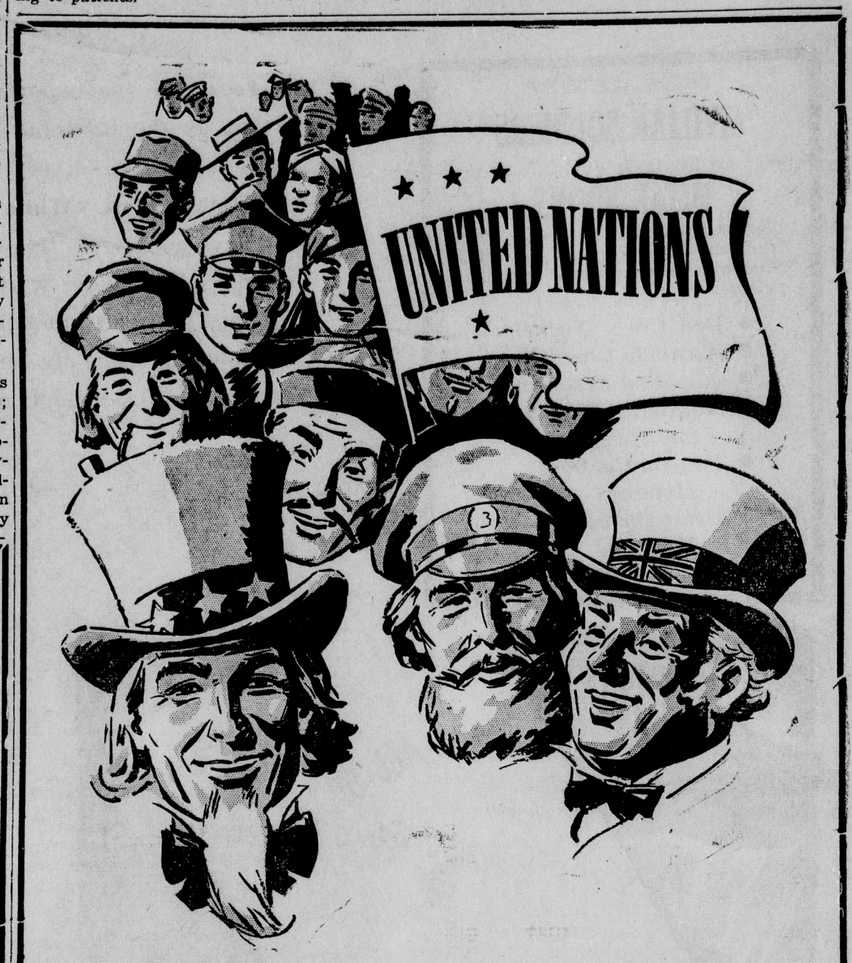

Upland district, which includes several nearby communities such as Cucamonga, Alta Loma, Etiwanda, etc., and Ontario share equally in the responsibility of making the center in Ontario the homey gathering place for the men that it is.

Half of the senior and junior hostesses come from the Upland district. Mrs. Theodore C. Combs of Upland and Mrs. Herschel R. Griffin of Ontario are the two general chairmen. Others from the Upland district are Mrs. Neal Van Dorin, chairman in charge of food; Mrs. Nelson A. Gray, dance chairman; Mrs. J. F. Grass, Jr., junior hostess chairman, and Mrs. W. L. Scheu, publicity. All of the chairmen of both communities work together on the task of providing food and entertainment for the service men.

The Upland group sponsors every other one of the weekly dances held on Friday evenings.

Upland is represented in another feature which is bringing happiness to many families throughout the nation. Each Thursday evening Mrs. Dorothy Gardner of Upland, Mrs. Frank F. Palmer; her daughter, Miss Betty Palmer, and Mrs. Margaret French Jacobson, of Ontario, give of their time and talents in making pencil portrait sketches of the service men. Each of the women finish several each evening. The men can obtain folders and stamps at the center, and soon have the sketches started on their way to their families.

Portraits of men from some 25 states have been drawn, including soldiers, marines, sailors and Cal-Aero cadets. All of the naval men had been on duty at Guadalcanal.

UNITED WE ARE STRONG . . .

UNITED WE WILL WIN!

We have seen hundreds of our young men leave us to fight for us wherever they meet the foe. We know of the splendid, devoted work of hundreds and hundreds of the citizens who remain at home.

WE ARE A UNITED PEOPLE, working toward one aim — independence of mankind everywhere, freedom from the despotic tyranny of the enemy.

In paying tribute to the men who have gone from us, we also pay tribute to the men and women who are serving so nobly on the home front—air raid wardens, airplane observers, Red Cross workers, blood bank donors, and everyone who regularly buys to the limit war bonds.

In this united, all-out effort, this pioneer Chaffey district store is proud to do what it can on the home front. We have bought wisely, so that wisely you may spend and save on the things you need to live better and work better for victory.

STIRRUP PUMPS ARE ADVOCATED FOR EVERY HOME

BY RICHARD DERBY

All citizens are again reminded that they should not depend entirely on being able to use their garden hose to fight fire should it receive a bombing, because it is an established fact that water, power and gas mains are very often broken by exploding bombs. Bombs do not have to strike the ground directly over a water, sewer or gas main to break them, but can fall and explode many feet away and still break these lines—the distance being governed by the size of the bomb and other factors. When this happens water and gas pressures soon drop to zero. Sewers, at times and under certain circumstances, cannot be used for many hours. Such happenings as this create very serious problems for cities and utility companies. Please think of the extreme fire fighting problems that are involved when no water is available sometimes for blocks around; then there is the sanitation problem when sewers are broken. However, things are not always as critical as they may appear to be if everyone who might be affected would do his part. This everyone is YOU and ME—the householders, owners and operators of other large buildings of this city.

Because almost every fire starts on a very small scale, it can be in most cases quite easily put out or controlled with a small amount of water by someone who is prepared — acts quickly — and keeps calm. Further, it can be quite accurately said that 90 per cent of all fires started by incendiary and explosive bombs can be extinguished by a small amount of water and a proper piece of equipment. This proper piece of equipment is the small, economically priced stirrup pump, which has been expressly manufactured for this purpose and was so effectively demonstrated by the military at the Lone Hill war demonstration. This pump is now on sale on order at the city hall. No wise householder should hesitate a minute in making up his mind as to whether he can afford to equip his home with this pump or to even attempt to reason in his mind why he should not buy one, for if there is no hazard or other danger involved — should we get bombed — the Upland defense council would not go on record as advocating the sale of this practical little article. You might ask, if there is a possibility that there will be no water available five minutes after we are bombed—how can there be water then to use with this pump? The answer to that is simple—here it is: Every citizen is urged to fill his bath tub also all available pots, pans and kettles that are used for cooking, with water whenever we have a blackout at night or a daytime air raid alarm. This storing of a hundred or so gallons of water for use in fighting fires with stirrup pumps by householders and others may save the town from a conflagration and save thousands of dollars worth of property and keep many people from being homeless.

CAMP, HOSPITAL COMMITTEE AIDS MANY SOLDIERS

From October 29, 1942, to June 1, 1943, the Camp and Hospital committee of the Upland chapter of the Red Cross has furnished nine complete day rooms with 370 pieces of furniture, and curtains for three of them (38 pairs), made by the production committee. Two other rooms were partially furnished—15 pieces used. Seven rooms for convalescent soldiers, attendants and nurses were furnished—152 pieces. One was partly furnished—10 pieces. Ten chairs were purchased for the library at the Ontario air base, and the production committee made 20 pairs of curtains for this room.

COMMITTEE LISTED

Mrs. John B. Craig heads this committee, and is assisted by Mrs. Arthur H. Pehl, Mrs. J. F. Grass, Jr., Mrs. J. F. Sawyer and Mrs. Wayne E. Morse. Many others have given of their time and energy in repairing, painting and re-covering pieces of furniture, and in rejuvenating other articles given for the rooms.

The first requests came in April of last year from Camp Haan and March Field for furnishings for two day rooms. These were furnished through contributions.

In July, money was allocated by the chapter to this committee for the purchase of athletic equipment for soldiers stationed at Chaffey. When the soldiers moved out later, all usable equipment was returned to the Upland chapter. To this equipment purchased there were also contributions—ping-pong table, tennis racquets, boxing gloves and horseshoes.

On the Fourth of July, last year, a large benefit celebration was held at the W. W. Stevens home to raise money to furnish day rooms at the Ontario air base. Many organizations and individuals from Upland, Etiwanda, Cucamonga and Alta Loma gave money, time and contributions of many kinds to make this an outstanding success. The proceeds totaled $592.88. The Upland chamber of commerce donated furniture which had been used in a day room in Cucamonga. Since then the committee has furnished one day room at the air base, size 20 feet by 84 feet; has bought two sets of footlights which were used by the camp for outdoor shows last year; has bought some athletic equipment, and has subscribed to a number of magazines.

MANY CALLS COME

As the great camps were set up—some of which were tents—requests began pouring in for day rooms, and the most urgent needs were given first attention. It was evident that the amount of money available would not go far in this work, so the committee sent out an appeal for used furniture. So great was the response that city and army trucks worked on the job of picking up for several days. The furniture was delivered to the building belonging to the Odd Fellows, who generously gave the committee the use of the building rent free for six months.

Then began the work of repairing, painting, varnishing and upholstering. A small group of women, assisted by P. C. Tubbs, worked faithfully week after week. Money for the repair work was given by organizations and individuals, and the merchants were generous with discounts.

ETIWANDA AASSISTS

The Etiwanda branch furnished a large day room at Camp Haan. They put 42 pieces of furniture in that room, gave two magazine subscriptions and at Thanksgiving and Christmas took cookies to the men.

In December came a very urgent request from the Sixth Armored Divisian for anything and everything. There was not one piece of furniture in the camp beyond the barest necessities, and it was imperative that something be done about it. Another appeal for furniture was made by the committee, and it came in by truckloads.

This request, coming so close to Christmas, created a great deal of interest, and everyone came in and worked. Over 400 dozen cookies were brought in. The Elementary school children, as a Christmas gift to the soldiers, saved the money which would have been spent on a tree, and that money added to other donations, was spent on small articles like pens, pencils, ink, checkers, dominoes, etc.

A few of the things sent to this camp on the desert were three pianos, two radios, three phonographs with dozens of records, 75 tables, 10 couches, eight bookcases, 111 chairs, etc.

SUBSCRIPTIONS SENT

Through this committee, 42 subscriptions have been sent to day rooms and hospitals, and others are to be sent in the near future.

RATION BOARD IN OUTSTANDING WORK FOR COMMUNITY

Members of the ration board serve thousands of persons in the West End of San Bernardino county. Members of the board give their time, receive no compensation and devotedly work to the end of fairly and equitably administering the complex rationing and price regulation system.

Serving as head of the board for many months was Howard M. Shattuck, lumber dealer. He recently resigned after his long, unselfish service and the Rev. Chas. L. Knight has been named as acting head of the group.

Representing Upland on the board at present are Earl E. Hawthorne, civic leader and Boy Scout enthusiast; L. R. Bradley, William R. Mason, Neal Van Dorin and Mrs. A. L. Weber. Others have served from time to time, each contributing much to the success of the rationing system.

Besides the Uplanders, others on the board are E. Miller Dietz, A. A. Smtih, Fred G. Fallis, John G. Gaylord, Harold S. Stewart, J. H. Beckley, L. A. Galbreath, J. U. Kellenberger and Sherman M. Hoyt.

Offices of the ration board are maintained on West Transit street, Ontario, in the building formerly used as the post office.

In addition to the volunteer members of the board, many local people serve as volunteer workers .

Beets and carrots are both "tops" for vitamins and minerals. So to avoid tiring of them, try new recipes often for variety. Serve cubed or whole beets with a sweet-tart thickened sauce—and you have delicious *Harvard Beets!* Try tangy orange sauce, slightly thickened with cream and orange rind. Sauce *Polanaise*—combine sour cream, vinegar, sugar, butter.

☆

Try carrots au gratin on your gas range. Use a rich white sauce, hard-cooked eggs topped with butter crumbs and cheese and baked to a golden brown. Other main dishes: Bake a tasty carrot souffle, highly seasoned with a few grains of nutmeg and cayenne. And golden carrots are the making of a good old-fashioned stew!

☆

Try smothering chicken or rabbit with a layer of carrots or onions, sliced paper-thin—then bake until tender. For variety, it's a good idea to have several jars of pickled beets on hand for meat or salad. Chopped beets and cabbage are a "must" relish with baked beans. When you thin out your carrots, pickle the very tiny ones for meat accompaniment.

RED CROSS WORK UNITES UPLANDERS IN WAR PROJECT

Cooperation on the part of a large number of citizens of the community is necessary to make the Upland Chapter of the American Red Cross the successful and productive body that it is, and Upland is justly proud of the organization.

In January of this year, Mrs. Paul Adams took over the direction of local work in the midst of intensified war activities, succeeding Mrs. Mary A. Eckerman, who had given 10 years of faithful service in administering to the relief of others.

ABLE STAFF

An efficient staff is a vital requirement in the management of such a large organization. Ably assisting Mrs. Adams are Mrs. Warren H. Wass, vice-president; Miss Eunice Mitchell, secretary, and A. C. Reynolds, treasurer. The board of directors includes Mrs. Douglas Sage, Mrs. Roy Wisely, Mrs. George Brown, Mrs. Harold W. Cook, Mrs. Mary A. Eckerman and Mrs. Arthur H. Pehl.

So extensive is the scope of the work undertaken by the chapter that its administration must be divided among a number of committees. Chairmen of these committees are as follows:

DOWNTOWN OFFICES

Offices are maintained by Mrs. Adams and a number of the assistants in the Red Cross headquarters, which are located in the large store room formerly occupied by the Mehl hardware company. Some partitions were put in and other improvements made in the way of re-decorating, so that the place is comfortable, convenient, attractive, and a very pleasant place in which to work. The large show windows at the front provide excellent space for the display of some of the articles made for the comfort of the servicemen and for refugees.

BLOOD BANK TO BE FILLED HERE AGAIN

Coming to Upland again in about three months, the Red Cross blood bank will for the third time receive blood from Upland donors for the plasma which is saving the lives of thousands of men in the armed forces, both at the front and in hospitals at home.

Much of the credit for recruiting and registering these donors and making plans for visits of the mobile blood bank is due Ernest H. Gibson, who heads this committee of the Red Cross.

Because they were dated up so far in advance, the bank did not get to Upland for the first visit until January 27 of this year. At that time there were 135 donors. When the bank came for the second time on June 30, the number who gave their blood had risen to 201. Mr. Gibson hopes for a still larger registration on the third visit.

There must be a deep understanding of the ills which afflict our world, a right evaluation of the problems of nations and peoples, a frank admission of past mistakes, a willingness to sacrifice seeming national advantage beyond even the limits of justice.—Most Rev. Thirty carloads of oranges are required to produce one railway carload of concentrated orange juice, according to Sunkist reports.

Annual U. S. consumption of fresh grapefruit is now about 13 pounds per capita, just double the amount used twenty years ago.

Gas rationing has stopped a lot of people from seeing this world—and maybe the next.

Total shipments of oranges, grapefruit and tangernes shipped from Florida in the season just closing are estimated at 68,100,000 boxes, twenty million greater than last year's harvest.

BIG FIGURES TELL OF PRODUCTION IN RED CROSS WORK

The report for the fiscal year ending June 30, 1943, of the production department of Upland chapter of the American Red Cross is indicative of the vast amount of work that Upland women are doing under the direction of Mrs. H. W. Flowers, production chairman.

During the year 4535 garments and 1145 knitted articles have been made for refugees; 720 knitted garments for the armed forces; 295 sewed garments and 285 knitted garments for the U. S. hospitals, and in addition, 800 kit bags, ditty bags and housewives.

From the fall of 1939 when the real work for this war began, approximately 60,000 garments have been completed, **Mrs. Flowers** said.

During the **month of June, 167** workers made 415 garments, contributing 3810 working hours.

The last quota to be filled consists of 50 hot water bottle covers; 400 housewives filled, 400 unfilled kit bags, 200 knee bands to knit, 25 lap-covers or pieced afghans, 50 pneumonia jackets, 400 bed socks made of outing flannel, 50 bed-pan covers, 200 bedside bags, and 50 card table covers.

Contributions for many of these articles may be found in the scrap bag of almost any housewife. Scraps of bright colored cotton are needed to make arm cushions for wheel-chair patients. These are pieced and must be 20 inches by 30 inches when finished. There are many uses for scraps of yarn—any bit, no matter how small, can be put to use.

More wool pieces are needed for the pieced afghans. Any kind so that it is clean and in good condition is acceptable. Many wash cloths are wanted—loosely knitted of cotton or made of turkish toweling, neatly hemmed or crochet edge. Many have old bath towels which can be utilized for these.

Not only is Mrs. Flowers doing this efficient work during this war, but she served in the same capacity during the first World war, and has worked with the Red Cross through all the intervening time.

Junior Red Cross Program Aids War Effort As Many Youths Unite

Not to be outdone by their elders, the school children comprising the Junior Red Cross of the Upland chapter have established a record in what they have contributed to the war effort, as shown by the report of Mrs. Henry M. Busch, who heads this group.

For the school year 1942-43 there was 100 per cent enrollment of schools included in the chapter. These are Alta Loma, Cucamonga Central, Cucamonga, Camp Baldy, Etiwanda, Eighteenth Street, Sierra Vista, Upland Elementary, Mountain View, Upland junior high and Louisa Guasti.

CONTRIBUTE $350

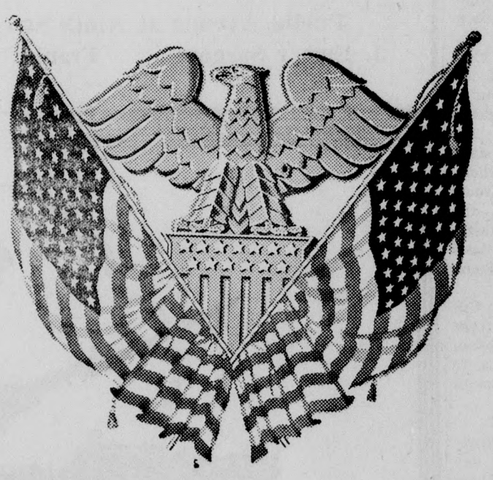

During the enrollment campaign and throughout the year these young members contributed approximately $350 to the service fund of their department. Part of this fund has been expended on such items as $87.11 for United Nations war relief; $12.00 for magazine subscriptions for camp day rooms; $30.00 for Junior Red Cross magazines for the schools; $10.00 for fittings for overseas kits for service men, made by the production department, such as soap boxes, thread and needles; $50.00 for the National Children's Fund to feed children in occupied countries; $35.00 for supplies for production work of the members. There still remains a good-sized balance on hand to begin work this fall when school opens.

Another project of the Junior Red Cross members has been to provide various articles for the camps and hospitals in this locality. Included in these are 2755 tray favors for patients on holidays, 400 joke books, 85 plants, 125 pad and pencil sets, 50 ash trays, 25 puzzles, 100 coat hangers, 103 pairs of slippers, seven cans, 35 flower containers, 150 bed-pan covers, and 100 bedside bags.

GIRLS KNIT

The girls of the Upland junior high school have knitted four beautiful afghans, which would be a credit to any Red Cross chapter, and will bring comfort to patients in the hospital.

During Upland's summer recreation program, Junior Red Cross activities are being carried on each Wednesday afternoon under the direction of Mrs. Busch and Mrs. Owen E. Atwood. One afternoon the group made 200 tray favors for Independence day. These were sent to Camp Anza at Arlington.

At PENNY'S

—o—

In the wind-whipped Aleutians and the steaming jungles of the South Sea islands—aboard shrapnel-raked bombers and fighting ships at sea—your boys and ours are giving all they've got to win this war.

In honor and appreciation of the tremendous job they're doing, we have devoted the month of July to the sale of War Bonds at PENNEY'S!

Buying war bonds is the one big way EVERYONE can help win this war and help back up our gallant boys in the armed forces.

HALT!

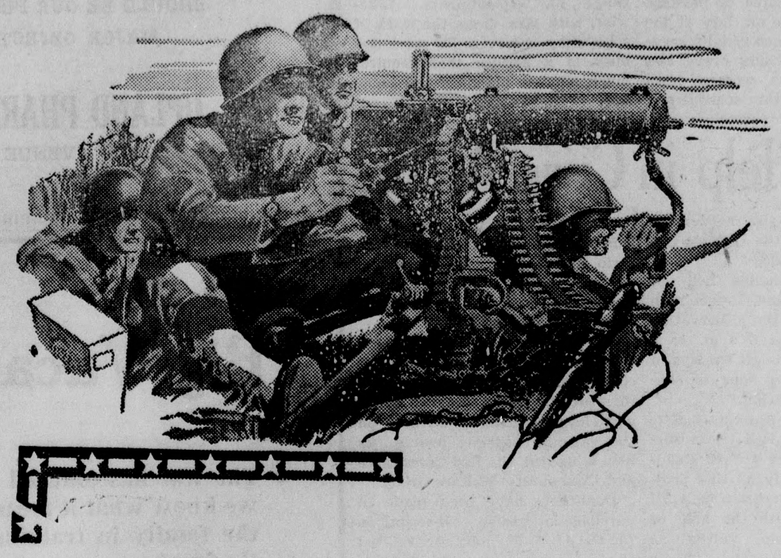

See this soldier boy? This one picture represents the several hundred soldier boys who have gone from this community, gone from our homes, gone to face whatever may come, gone to give their lives, if need be—FOR US! Every honor is due our soldier boys—and full support to the absolute limit should be given them by us here, safely on the home front. Not our welfare, but theirs should be our first and only concern.

VICTORY HOMES

KEEP 'em GOING!

If you asked that American fighting man what Victory Homes meant to him, he'd say "Victory Homes? More home-front stuff!" That'd be perfectly true, too—it is home-front stuff, but of a nature that's vital to that soldier! That jeep he's leaning on, for example, where did it come from? Where does it get its tires? Victory Homes did it . . . because people here at home are carrying their own packages and saving delivery truck tires, thus releasing essential rubber for our armed forces to roll on! And that messkit . . . the food in it? Victory Homes is the answer . . . because people are growing their own food in Victory Gardens, and they're sharing other foods so that the vast demands of war can be filled!

Yes, you may not be on a battle line, but you're on a war front nevertheless. You are right in the middle of a fight that's directly connected with our ability to raise, transport and maintain our armed forces all over the world!

That's why it's important that every home in the land be a Victory Home. Look at the list of items at left that make up a Victory Home. Are you doing everything you can to help win the war . . . to help our and YOUR fighting men? Can you say—proudly—that your home is a victory Home? If you can—fine! You're giving the kind of support the boys need from home. If you can't, think it over, for you are "the people of the United States", and what helps the country, helps you!

So, get into war work . . . enlist in your Civilian Defense organization . . . give some of your time to the Red Cross. Start a Victory Garden and enjoy foods you grow yourself—you'll be saving commercially-grown foods for others and the armed forces. Carry home what you buy . . . to make sure the things you can't carry can be delivered. Take care of everything you own . . . make it last! Finally, help yourself and our country by saving at least 10% of your income in War Bonds. These things can help win the war . . . become a partner in that Victory—NOW!

SUMMER OFFENSIVE NOW ON in your orchard!

Early fumigation stops spread of Red Scale

WARM summer days favor rapid development of scale insects. Red Scale, with three or more generations a year, increases rapidly at this time.

Have your orchard checked *now*. If scale insects are present...*don't wait!* Early fumigation gives a very high kill and dependable protection.

Early fumigation is important this year for another reason. As the season advances your local fumigator will be hard-pressed, with available labor, to meet all the calls for his service. Talk with him now...get necessary work scheduled...and be sure that your orchard will get the protection it needs.

Fumigation's 100% coverage, which reaches every scale-infested portion of the tree, gives the greatest kill and surest protection.

Airplane Observation Post Maintained Constantly Here Since Pearl Harbor

Harvey McMasters and Mrs. Nelson Gray have 24-hour jobs in this community's civilian defense.

An airplane observation post must be occupied constantly and these two leaders have the responsibility of seeing that at least two people are at the post day and night, week after week.

Immediately after the Pearl Harbor attack, airplane observers began serving here, and Chief Observer McMasters has been in direct charge of the post ever since. Walter Gear is his assistant chief observer.

As men began to leave the community for the armed services or to work in defense plants, women responded as day-time observers and the Upland Junior Welfare league assumed the responsibility of the day-time schedule. Mrs. Gray, an active worker in the league, became chairman of the women observers and now she shares the responsibility with Mr. McMasters of arranging for maintenance of the observation service.

The post is located on West Sixteenth street.

Every airplane passing within two miles of the post is reported to the army headquarters.

Maintenance of this endless observation service requires the services of many scores of persons. Two observers are on duty at the same time. The men usually serve in shifts of six hours every two weeks, while the women have four-hour observation schedules.

While Mr. McMasters has received splendid cooperation, yet the burden is naturally a heavy one of constantly arranging for observers. Many changes are always occurring among the personnel of the observation post, and it is up to Mr. McMasters to arrange for replactments. Likewise, with Mrs. Gray, the work of scheduling observers for week-day duty is a service that requires much energy, planning and sacrifice.

Welfare League Provides Much Help in Civic Affairs

In accordance with the increased wartime needs of the community, the Upland Junior Welfare league, under the leadership of Mrs. Edwin L. Wickstrom, accomplished more during the 1942-43 season than in any year since its organization.

As in the past, the welfare shop and dental clinic were maintained. Mrs. Beecher Hungerford, shop chairman, reported a major year. Thanks to the fine cooperation of the community in donating their discarded clothing and household equipment, at the annual league "bundle tea", as well as throughout the year, a net profit of $486.87 was realized. This fund was used to purchase and repair shoes for school children and take care of the community's emergency cases.

Mrs. Hal B. Harlow, chairman of the dental clinic, supervised the examinations. Dr. C. E. Gregg and Dr. W. R. Farmer, local dentists, donated their services in making the examinations. Cards were then sent to the parents, advising them of the state of their children's teeth. Many were able to afford to pay for the necessary work, and the remainder were cared for by the league.

The annual Christmas dance was given under the direction of Mrs. A. A. Aita, ways and means chairman. Profits from the affair were turned over to the pneumonia serum fund at San Antonio Community hospital.

In addition to these peace-time projects, the league undertook the responsibility for two new wartime projects—the supervision of the women's work on the Sixteenth street aircraft observation post, and the chairmanship of the Red Cross surgical dressings department. They also cooperated fully in work at the Ontario-Upland U. S. O. center.

With the invaluable help of other Upland women, it has been possible to keep the observation post manned from 6 a.m. to 6 p.m. Mondays through Fridays, a project which they hope to continue for the duration.

Mrs. Theodore Stamm, league chairman for the Red Cross surgical dressings, has worked steadily and successfully at this project since its inauguration in April of this year. With the help of league membership, acting as chairman and supervisor, she is directing the women of Upland in this most necessary phase of war work.

Mrs. Theodore Combs, Upland head of the U. S. O. women's committee for the past year and incoming president of the Upland Junior Welfare league, helped materially to establish and maintain the Ontario-Upland U. S. O. center. In this project the league cooperated with other Ontario and Upland organizations, serving food and fulfilling other duties of the senior hostesses on their appointed days.

The organization has been able to work in other community accomplishments, namely—soliciting furniture for the Red Cross Camp and Hospital division, working on the various rationing boards as help is needed, the Red Cross drive and Community Welfare drive.

Donations have been made to purchase magazine subscriptions for the U. S. O.; food for the Red Cross benefit given July 4, 1942; help towards furnishing a club house for non-commissioned officers at the Ontario air base.

All in all, the year has been a demanding one, and as an organization working to fulfill needs of the community, the Upland Junior Welfare League has neglected no opportunity to meet the situation.
